

Kestryl India supplies Active, Passive and Electro-Mechanical electronic components from leading manufacturers to defense, aerospace, medical, railways and communications customers across India.

Active Components

Semiconductors, ICs, processors, LEDs, power modules

Manufacturer	Product Lines
Microchip	Microcontrollers, analog & memory ICs
Samsung	Semiconductors & passive components
Infineon	Power & automotive semiconductors
NXP	Automotive & embedded processors
Diodes Incorporated	Diodes, transistors & analog ICs
Renesas	Microcontrollers & SoCs
Analog Devices	High-performance analog & DSP
Silicon Labs	Wireless & mixed-signal ICs
Texas Instruments	Analog & embedded processing
Altera	FPGAs & programmable logic
Micron	Memory & storage
ROHM	Semiconductors & power devices
Holt Integrated Circuits	Avionics & data-bus ICs
onsemi	Power & sensing semiconductors
STMicroelectronics	Microcontrollers & analog ICs
Everlight	LEDs & optoelectronics
SynQor	Power converters & modules
Intel	Processors & FPGAs
Atmel	Microcontrollers
Teledyne	Sensors & imaging electronics

Passive Components

Capacitors, resistors, inductors, circuit protection

Manufacturer	Product Lines
Samsung	Semiconductors & passive components
Littelfuse	Circuit protection & fuses
TDK	MLCCs, inductors & magnetics
Panasonic	Capacitors, relays & connectors
Vishay	Resistors, capacitors & inductors
KEMET	Capacitors (a Yageo company)
Murata	MLCCs, inductors & RF modules
Nichicon	Aluminum electrolytic capacitors
Würth Elektronik	Inductors, connectors & PCBs
Bourns	Resistors, potentiometers & circuit protection
KYOCERA AVX	Capacitors & passive components
Ohmite	Resistors

Electro-Mechanical Components

Connectors, relays, terminal blocks

Manufacturer	Product Lines
Panasonic	Capacitors, relays & connectors
Würth Elektronik	Inductors, connectors & PCBs
Samtec	High-speed connectors
Bourns	Resistors, potentiometers & circuit protection
HARTING	Industrial connectors
Phoenix Contact	Terminal blocks & connectors
Cinch	Connectors & interconnects

Need a part not listed here?

We source hard-to-find and obsolete components too. Send your BOM or part numbers and our procurement team will respond with pricing and lead times.
